FR

Assurez-vous que le produit est installé par une personne compétente. Nous conseillons la manutention de tous les panneaux en verre par deux personnes au minimum.

Il est recommandé de laisser tous les emballages de protection en place sur les arrêtes en verre, afin d'éviter tous dommages avant l'installation

Portez des chaussures de sécurité lors de la manutention des panneaux.

Portez des lunettes de protection lors du perçage.

Respectez tous les codes nationaux du bâtiment et de la plomberie.

UK

Make sure that the item is installed by a competent installer. We strongly recommend that all glass panels are moved by a minimum of two people and that protective packaging on the glass edges are kept in place as long as possible to prevent damage before installation.

Wear protective footwear when lifting panels.

Wear safety glasses when drilling. Observe all local plumbing and building codes.

ES

Asegúrese que el producto es instalado por personal preparado. Les aconsejamos que haya al menos dos personas para manejar los paneles. Es recomendable dejar todos los embalajes de protección y poner sobre ellos los paneles, con el fin de evitar todo daño antes de la instalación

Lleve zapatos de seguridad mientras se manipule los paneles.

Colóquese gafas de protección a la hora de hacer agujeros. Respete las normas nacionales de construcción y fontanería.

RU

Убедитесь, что продукт установлен компетентным специалистом.

Мы настоятельно рекомендуем перемещать все стеклянные панели бригадой в составе как минимум двух человек и не удалять защитную пленку со стекла в течение всего периода монтажа, чтобы предотвратить повреждения.

Носите защитную обувь при перемещении панелей.

Носите защитные очки при сверлении.

Соблюдайте все локальные строительные-технологические нормы.

Pensez à l'installation de la paroi de douche en installant le receveur. Se référer à la notice de votre receveur.

Please pay attention to the installation of the shower door by installing the shower tray.

Refer to the installation guide of your shower tray.

Preste atención a la instalación de la puerta de la ducha mediante la instalación del plato de ducha.

Consulte la guía de instalación de su plato de ducha.

Si le faux aplomb est sortant, la cale en mousse et le receveur sont contre le mur.  
If the false verticalness is outward, the foam wedge and the receiver are against the wall.

Si la plomada indica que la pared está hacia atrás, el separador de espuma y el plato de ducha están contra la pared.

Если ложная вертикальности наружно, пенный клин и приемник к стене.

Cable type H05 W-F 3 x 1.5 mm<sup>2</sup>  
Кабель type H05 W-F 3 x 1.5 mm<sup>2</sup>  
Тип кабелів H05 W-F 3 x 1.5 mm<sup>2</sup>

**L'installation électrique devra être réalisée par un électricien qualifié et être en conformité avec la norme NFC15100 ou la norme nationale en vigueur.**

- Le câble d'alimentation ne doit pas être accessible du receveur pendant son utilisation.  
Le volume 1 de la douche doit se fermer à l'aide d'un outil.
- Le câble d'alimentation est à raccorder à demeure à une alimentation fixe 230 V/50 Hz, 16 A + Terre de protection conformément à la norme NFC 15100 ou la norme nationale en vigueur : cette alimentation doit être protégée par un disjoncteur différentiel de sensibilité 30 mA maximum lui-même installé en dehors des volumes 0, 1, 2 et 3.
- Pour le câble d'alimentation, utilisez du câble type 60227 IEC 53 ou H05VV-F et une boîte de connexion, d'un degré de protection à l'humidité IPX4.
- Si le câble d'alimentation est endommagé, il doit être remplacé par le fabricant, son service après vente ou une personne de qualification similaire afin d'éviter un danger.
- En référence à la norme française NFC 15100, une liaison équipotentielle réalisée à l'intérieur de la salle de bain doit relier tous les éléments conducteurs et toutes les masses des volumes 1, 2 et 3 (vidage métallique, robinetterie), pour les autres pays, se conformer à la réglementation nationale.

**Electrical connections (power supply) must be performed by a qualified electrician in compliance with local standards (NFC 1500 in France).**

- The power cable must not be accessible from the shower during use. Zone 1 should only be accessed with a tool.
- The power supply cable must be permanently connected to a fixed 230V/50 Hz, 16 A+ protective earth supply, as per local standards. It must be protected by a differential circuit breaker (maximum 30mA) installed outside Zones 0, 1, 2 and 3.
- Use power cable type 60227 IEC 53 or H05VV-F and a IPX4 protection junction box.
- This junction box should only be installed in Zone 1.

- If power cable is damaged, it should only be replaced by the manufacturer, an after-sales department or a qualified professional.
- As per local standards (NFC 15100 in France) , an equipotential link made inside bathroom must connect all conductive parts and components in Zones 1, 2 and 3.

**A instalação eléctrica deve ser realizada por uma electricista qualificada e estar conforme anorma NFC 15100 ou norma nacional em vigor.**

- El cable de alimentación no debe ser accesibles mientras se utiliza. El volumen 1 debe cerrarse con una herramienta.
- El cable de alimentación debe conectarse de forma permanente a una alimentación fija 230 V/50 Hz, 16 A + Tierra de protección de conformidad con la norma NFC 15100 o la norma nacional vigente: esta alimentación debe estar protegida por un disyuntor diferencial de 30 mA de sensibilidad como máximo que, a su vez, debe estar instalado fuera de los volúmenes 0, 1, 2 y 3.
- Para el cable de alimentación, se debe utilizar un cable de tipo 60227 IEC 53 o H05VV-F y una caja de conexión, debe tener un grado de protección respecto a la humedad IPX4.
- Esta caja de conexión se instala únicamente en el volumen 1.
- Si el cable de alimentación están deteriorados, deben ser sustituidos por el fabricante, su servicio posventa o una persona de cualificación similar para evitar cualquier peligro.
- En referencia a la norma francesa NFC 15100, una conexión equipotencial realizada en el interior del cuarto de baño debe conectar todos los elementos conductores y todas las masas de los volúmenes 1, 2 y 3 ; para los demás países, remitirse a la normativa nacional.

***Электрическая установка должна быть произведена квалифицированным мастером в соответствии с требованиями стандарта NFC 15100 или действующего в вашей стране стандарта.***

- В качестве питания не должны быть доступны из во время использования. Зона 1 под ванной должна закрываться с помощью инструмента.
- Питающий кабель насоса надежно подсоединяется к постоянному источнику питания 230 В/50 Гц, 16 А + защитное заземление в соответствии со стандартом NFC 15100 или действующим национальным стандартом: данный источник питания должен быть защищён дифференциальным выключателем с максимальной чувствительностью 30 мА, установленным снаружи от ёмкостей 0, 1, 2 и 3.
- В качестве питающего кабеля, используйте кабель типа 60227 IEC 53 или H05W-F и соединительную коробку, со степенью защиты от влажности IPX4.
- Эта соединительная коробка устанавливается только в ёмкости 1.
- Эта соединительная коробка устанавливается только в зоне 1 под ванной, в соответствии с требованиями стандарта NFC 15100 или действующего в вашей стране стандарта.  
Во избежание опасности, поврежденные кабели должны быть заменены изготовителем, его службой послепродажного обслуживания или специалистом подобной квалификации.. Согласно положениям французского стандарта NFC 15100, эквипотенциальное соединение внутри ванной комнаты должно соединять все проводящие элементы и элементы массы в зонах 1, 2 и 3; для других стран необходимо соблюдать требования местных стандартов.

## Garantie

Votre produit est garanti 5 ans ( sauf flexibles garantie 2 ans) à compter de la date d'achat et sur présentation du justificatif d'achat. Sont exclus de la garantie les dommages dus à une utilisation inappropriée et au non-respect des instructions de montage et d'entretien.

Notre société n'est pas responsable des dommages subis au transport et à l'acheminement.

La garantie ne couvre pas les frais de montage et de démontage

## Guarantee

This product is guaranteed 5 years (except hose 2 years warranty) from the date of purchase based on invoice. Damage resulting from inappropriate use, or failure to comply with installation and cleaning instructions is not covered by the warranty.

Our Company is not liable for transport and delivery damage.

This warranty does not cover fitting and removal costs.

## Garantia

Su producto está garantizado 5 años, (excepto flexible garantizado 2 años) a partir de la fecha de adquisición, presentando el justificante de la compra. Se excluyen de la garantía los daños debidos a una utilización incorrecta, así como al incumplimiento de las instrucciones de montaje y de mantenimiento.

Nuestra sociedad no se responsabiliza de los daños sufridos durante el transporte.

La garantía no cubre los gastos de montaje y desmontaje..

## Гарантия

Гарантия на ванну предоставляется в течение 5 лет (кроме душевых шлангов 2 года гарантии) со дня покупки и действует при предоставлении документа, подтверждающего покупку.

В случае неправильного использования ванны или при несоблюдении всех предписаний по установке гарантия не предоставляется.

Фирма не берет на себя ответственность за ущерб, нанесенный при транспортировке и доставке.

В гарантийное обслуживание не входит возмещение расходов по установке и разборке.

## Merci d'avoir choisi la marque JACOB DELAFON

Votre produit est le fruit de notre savoir-faire et de notre passion pour le design et l'innovation.  
Nous sommes convaincus qu'il vous apportera toute satisfaction pour les années à venir.

## Thank you for choosing JACOB DELAFON brand

This product reflects the true passion for design, craftsmanship, artistry and innovation this company stands for.  
We are confident its reliability and beauty will exceed your highest expectations, bringing you satisfaction for years to come.

## Gracias por elegir productos del marca JACOB DELAFON

Su producto refleja nuestra verdadera pasión por el diseño, la mano de obra, la artesanía y la innovación.  
Estamos seguros de que su fiabilidad y belleza excederá sus más altas expectativas dándole satisfacción por muchos años.

## Благодарим Вас за выбор продукции компании JACOB DELAFON brand

Данный продукт отражает истинную страсть к дизайну, мастерству, стилю и инновациям, которые являются основными преимуществами нашей компании. Мы уверены, что его надежность и функциональность превзойдет все Ваши ожидания, не оставляя равнодушными долгие годы.
